

## **St Peter's PE and Sport Premium monitoring and tracking form 2025/2026**

### **Allocated Funding: £18,870**

Please see the breakdown of all costings on the Online Reporting Tool document; this document contains an overview of most of our spending for 2025-26, focused on the objective's areas mentioned, and does not contain all of the documented spend.

| <b>Objective: Upskill staff with knowledge and practical experience, and provide CPD for PE specific roles</b> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

| Aim                                                                                                            | <p>To continue to invest in CPD opportunities for teachers and staff, to ensure they are confident and competent to plan, teach, and assess pupils across a wide range of activities and provide pupils with High Quality Physical Education.</p> <p>Through the L5 course, develop EB's knowledge of pedagogy and practice through a face-to-face practical delivery and assessment model, to enable the new qualification to support the delivery of PE with confidence, improved knowledge and understanding and competence.</p>                                                                  |
| Impact                                                                                                         | <p>Teachers and staff's confidence and competency to plan, teach, and assess pupils across a wide range of activities and provide pupils with High Quality Physical Education will improve as a result of the CPD courses offered. This will enable our curriculum to be delivered well and pupil's to progress at or above expected levels. This is a long-term investment as staff will be able to continue this in the future.</p> <p>EB attended all 6 training days, as well as completing teaching &amp; evaluating a range of lessons at St Peter's, reflecting on learning and pedagogy.</p> |
| Evidence                                                                                                       | <p>Staff Voice – positive feedback from the courses attended and teachers have implemented the ideas demonstrated.</p> <p>EB feedback for L5 course was that she learned lots about the pedagogy and differentiation of lessons, and the structure of lessons (both daily and medium term plans)</p>                                                                                                                                                                                                                                                                                                 |

|                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

| <b>Objective: Improve lunchtime provision to increase engagement and activity levels for all pupils</b> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Costings<br><br>£3519.70                                                                                | Continued to improve our provision using OPAL increasing the range of activities on offer through our subscription and investment in equipment and resources                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Aim                                                                                                     | <p>To continue to invest in our break and lunch times, to ensure children are active at school outside of lesson time, as well as improving behaviour, aiming for all children to achieve 30 active minutes every day at school and encouraging attitudes to assist in achieving 60 active minutes.</p> <p>We would like to ensure children are active at school outside of lesson time, aiming for all children to achieve 30 active minutes every day at school and encouraging attitudes to assist in achieving 60 active minutes. This will embed healthy, physically active children which we will track through pupil voice.</p> |
| Impact                                                                                                  | We launched OPAL last year and have increased activities on offer throughout the year, with children showing they are more active and more engaged with physical activity. Pupil voice across the school has been overwhelmingly positive and there are far fewer children 'hanging around' during lunchtimes.                                                                                                                                                                                                                                                                                                                         |
| Evidence                                                                                                | <p>We were assessed during June 2026 and achieved the Platinum OPAL Award for excellent provision.</p> <p>Feedback from pupils for this showed good engagement and more active lunchtimes. There is a wider variety of active activities including sports such as Tennis, Cricket, Football and ball games, as well as alternative activities such as Den Building, Digging and Scooting.</p>                                                                                                                                                                                                                                          |

**St Peter's PE and Sport Premium monitoring and tracking form 2025/2026**

| <b>Objective: Give more children the opportunity to participate in school sports, extra-curricular and competition</b> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Costings<br><br>£7318.41                                                                                               | <p>EB, LT and CH to run a variety of clubs and attend related fixtures in Netball, Cross Country, Football, Girls Football and Cricket, as part of the St Albans Schools Sports Partnership</p> <p>A range of School Games events attended by KS2 children, including mixed, girls only, and SEND categories, as well as the 3 tiers (compete, aspire &amp; develop, inspire &amp; engage) to cater for a range of pupils in KS2.</p>                          |
| Aim                                                                                                                    | <p>PE Lead to track children attending fixtures on a spreadsheet and target children who have not represented St Peter's in Spring and Summer terms by talking to teachers &amp; pupils about which sports they would like to do and entering specific SG events and additional opportunities.</p> <p>Provide a range of free extra-curricular clubs for pupils. This year was Y4 Netball, Y5/6 Netball, Year 5/6 Hockey and Year 5/6 Girls Football club.</p> |
| Impact                                                                                                                 | <p>High attendance at these clubs, providing additional opportunities for children to be active and develop their physical abilities.</p> <p>Specifically targeting Girls only for Football ensures engagement as none attend after school Football Club.</p>                                                                                                                                                                                                  |
| Evidence                                                                                                               | <p>For the Netball leagues, we did well in the Autumn term and were streamed into Division 2 (our highest ever league) for Spring term, meaning we were also entered into the Cup (higher level) Netball tournament.</p> <p>We won our Cricket league during Summer term due to the additional practice at the club run after school.</p> <p>* Also see STATS on representation</p>                                                                            |

|                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

| <b>Objective: Use Sports Week and other opportunities to provide children with broader and enriching sport opportunities</b> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <p>Costings</p> <p>£1445</p>                                                                                                 | <p>Skateboarding (Y5 - 60 pupils): £595<br/> Karate (Y5&amp;6 - 90 pupils): £60<br/> Beach Volleyball (Y4&amp;6 - 90 pupils): £270<br/> Fencing (Y1-4 - 240 pupils): £380<br/> Gymnastics (Y3 - 60 pupils): £140<br/> Indoor Go Karts (Rec &amp; Y1 - 120pupils): £160</p> <p>Chance to Shine Cricket (Y4,5,6 – 150 pupils): free<br/> LTA Roadshow tennis taster session (Rec-Y2 - 180 pupils): free<br/> Sports Day (EYFS, KS1 and KS2): free</p>                        |
| Aim                                                                                                                          | <p>We will continue to organise and deliver our Sports Week in June, providing every class with an opportunity to participate in a new or exciting sport in school or on a trip, to encourage a love for sports and physical activity. We will create links to local providers, which children will then be able to access as part of our extra-curricular provision, in school holidays or outside of school hours.</p>                                                   |
| Impact                                                                                                                       | <p>Every class in Sports Week had activities including Skateboarding, Fencing, Karate, Gymnastics, Go Karts, Archery and Beach Volleyball, as well as additional PE lessons and Sports Day. Teachers reported high levels of engagement, the providers were impressed by the children's focus. Feedback from the pupils during the week and enjoyed themselves.</p>                                                                                                        |
| Evidence                                                                                                                     | <p>Pupil Voice from all year groups was very positive – many children were proud of themselves for trying something new, giving a new sport a try and enjoyed themselves. Teachers had positive feedback about the sessions and we have booked in some repeated activities for next year.</p> <p>We have achieved Platinum School Games Mark which represents the wide opportunities we provide for our children with sporting events, competitions and opportunities.</p> |
